# MONSTER MARKETING

Monster Marketing is a mobile billboard and Monster Truck advertising promotional company that provides mobile billboard ads in a big way. Categorized under billboard advertising, this medium is comprised of ads that are placed on Monster Trucks style trucks that drive around events or streets.

As a result, the Monster Truck mobile billboard's - reach your target audience in your specific target location. As an alternative to bus advertisements, Monster Truck billboard's - cut through the clutter and are especially effective in areas where advertising space is nonexistent.

Advertisers use of Monster Truck mobile billboard advertisements -- in connection with other media helping reach an even broader audience , because advertisers can specify the routes for the truck (and therefore the Monster Truck mobile board) to follow on any given day.
